According to the instruction of the Korean Ministry of Education implemented in February 2020, all LMS activities such as online class attendance, online test and quizzes are available only after ID verification.

There are two ways of self verification – mobile device verification or email verification.

For ID verification, please up-to-date your email and mobile verification at my.knu.ac.kr(refer to 'Before you start(3)'

1. Mobile Device Verification

- Download 'HelloLMS' application, click 'Login' and the ID verification screen pops up

- Put your email address in my.knu.ac.kr and verification code will be sent to the registered mail address. Check your email for verification number (4 digits)

[Kyungpook National University] Your verification code

2020.03.04 17:16

1. Mobile device certification

- If an email change is required, it will be applied to the LMS within one day after the change in the Student Portal.
- In the HelloLMS app, you can take online lectures or take exams without performing a second verification.
- If a second identity verification is required while using a PC or other mobile browser, the verification code can be performed more quickly and conveniently through the HelloLMS app push message.

1. Mobile device certification
